tracker

Workshop:

- Workshop is interactive.
- Work out a proposal process from people to participate - extended abstract up to 2 pages
- We need to send out a request for workshop participation once we have confirmation of workshop from GGF.

JSDL Workshop:

- GridSAM, Steve and Will
- NAREGI?
- HPCEuropa, Ariel?

- Business Grid, Andreas S.
- NorduGrid
- Intel, BPEL + JSDL
- OMII BPEL + JSDL

Tutorial:

- Steve and William have an up-to-date JSDL/GridSAM presentation
- Andreas' Oct 2005 Intro to JSDL is at:
<https://forge.gridforum.org/projects/jsdl-wg/document/JSDL-Introduction/en/5>
- Let's merge the two and expand to fill half-day (3 hours)
- Discussion of reference implementation in BES? - Darren (could fill half an hour)
- Hands on demos with participants using a real system? Early in the tutorial to get the participants engaged.

[Action] Ali to write up preliminary agendas for the tutorial and workshop and distribute to authors

[Action] Andreas and anyone else to add to the post-v1.0 tracker
